

You've invested too much in this city to have to move.

Steve continues to be an outspoken advocate for senior issues. He worked to provide 60 units of moderately priced senior housing near our downtown that allows current residents an opportunity to stay in Highland Park.

Steve initiated the Utility Tax Rebate program for fixed income seniors that need our support.

Steve sought and found ways to freeze tax assessments by working with State, County, and Local Leaders - Because tax increases are pushing residents out of their homes.

Steve has lived in Highland Park for 50 years. Steve understands the costs and needs of residents living on a fixed income.
